## The Minstrel's 41st Birthday Show

### An Invitation to All of Our Member-Musicians

One of the benefits of Folk Project membership is that we hold a number of concerts during the year where all the performers on stage are FP members. The longest running of these Member Concerts is our annual Birthday Show. This year's edition will take place on Friday, July 29 at the Minstrel. And all singers and players who are Members in good standing are invited to take part.

Here's how it works:

On Saturday, July 4, we will hold our annual Folk Project Picnic at Ed Roffman's house in Randolph. (See [page 2](#) for details on the picnic.) There, we will collect the names of all members who want to participate in the show on index cards. (Remember index cards?) We shuffle up the cards, and then deal them out into about 20 piles of randomly combined duos and trios. Each group thus formed then has 3-1/2 weeks to work up one song per group. If you like, you can add additional musicians to the group, so long as they are FP members. And that's the show on the 29th. We usually get 40-50 participants in this celebration for, by, and of the Folk Project family.

You do not have to be at the July 4th picnic to take part in the show, but it does help to get a head start in meeting your band-mates, and choosing your material.

I will send an invitation with all the details about how to take part in the show to all members in mid June.

This has always been a high point of the Minstrel's schedule, and a shining example of the Folk Project's goal of fostering the making of music, as well as presenting it. So put those dates in your calendar:

- ✧ **July 4**, the picnic,
- ✧ **July 29**, the Birthday Show.

Take part and celebrate the Minstrel's Birthday and ourselves.

—Mike Agranoff, Minstrel Program Chairman

### Singing Lessons, Contemporary Voice Technique

I teach singing technique in my home studio located in Basking Ridge. My students range in age from seven to 70, from the absolute beginner to professional level. The technique is based on a natural approach to singing and focuses on proper vocal cord function throughout the range of the voice enabling freedom and connection through the bridges in the voice. The technique also offers solutions to problem areas in songs. For more info visit [www.singinglessons.com](http://www.singinglessons.com) or [www.jajohnsonmusic.com/teaching](http://www.jajohnsonmusic.com/teaching) or contact me at [jj@jajohnsonmusic.com](mailto:jj@jajohnsonmusic.com)

# The Minstrel

June 2016

Acoustic Concert Series

presented by

Concerts every Friday at 8pm at the Morristown Unitarian Fellowship

21 Normandy Heights Road, Morristown, NJ

[www.FolkProject.org](http://www.FolkProject.org) • 973/335-9489 • [Minstrel@FolkProject.org](mailto:Minstrel@FolkProject.org)

### Fri., Jun. 3: An Evening with Jay Ungar & Molly Mason

Since joining forces in the late 1970s, fiddler and mandolinist **Jay Ungar** and guitarist and bassist **Molly Mason** have become one of the most celebrated duos on the American acoustic music scene. They have won countless awards and provided music for movies and television, including Ken Burns' classic Civil War PBS documentary. Their music runs the gamut from hard-driving Appalachian, Cajun and Celtic fiddle tunes, stirring Civil War classics, sassy songs from the golden age of swing and country, stunning waltzes, and deeply moving original compositions.

### Fri., Jun. 10: Open Stage

This is an opportunity for all acoustic musicians to perform a 15-minute set on our stage, and for the audience to be treated to a diverse collection of acoustic musicians. We've often seen previews of our regular scheduled acts for the first time at Open Stage. For information on how to secure a performance slot, call 973/335-9489, or visit the Open Stage page.

### Fri., Jun. 17: Joe Crookston with Carrie Cantor

What strikes one first about **Joe Crookston's** performance is the intensity. There is a palpable force behind the music that makes you sit up and take notice. On top of that there is a sense of poetry and spirituality to his lyrics, and some pretty credible guitar chops and vocal power to lend support to his writing.

A Folk Project member performer with a lovely soprano voice, **Carrie Cantor** sings contemporary folk and pop songs. She is one of the stars of our local musical community, and deserves her place on our stage.

### Fri., Jun. 24: The Dirty Birdies Jug Band with Russ Rentler

**The Dirty Birdies** first played the Minstrel in 1987, after they'd been together for over a decade. This is a band that's conceptually tight and musically loose. They resurrect the old jug band standards of the '20s and '30s with faithful adherence to the style: lots of cheap tricks, bad jokes, double entendres, and great fun. Guitar, fiddle, washboard, washtub bass, jug, kazoo, and big harmonies.

**Russ Rentler** is a talented multi-instrumentalist performing original and traditional songs on hammer and Appalachian dulcimers, guitar, banjo, mandolin, bouzouki, autoharp, and dobro. His songs have a humorous streak to complement the instrumental virtuosity.

**UPCOMING:** 7/1 Shun Ng with The Eclectic Consort; 7/8 Open Stage; 7/15 Reeds, Rhythm and All That Brass with Bill Brandon; 7/22 John Gorka with Nancy Beaudette; 7/29 The Minstrel's 41st Birthday Show; 8/12 Open Stage; 8/26-27 New Jersey Uke Fest; 9/2 Tracy Grammer with Dixie Lee & Ed Rainey; 9/9 Brother Sun; 9/16 Bill Staines with Hudson Valley Sally; 9/23 A Folk Project Special Concert—Calan

## New Sound System at MUF

Anyone who's been to The Minstrel since the May newsletter may have noticed that the big speakers on each side of the stage were not there. The Morristown Unitarian Fellowship in April, 2016, completed the installation of its brand new media center. This new system is capable of audio and video recording, sending signals to a radio network that permits the hearing impaired within the building to be part of the MUF services, and the system has the capability of uploading video signals direct to YouTube or a website.

Its biggest function for The Folk Project is the use of permanently mounted speakers, microphone lines, and digital mixing console with a **wireless iPad controller** that permits the operator to mix groups from any position on or near the stage. The system was designed by the engineers at Panavid from South Jersey, and its audio response was tuned specifically for that room and for live performances.

The Folk Project sound reinforcement team has been staging training sessions to get as many of our people comfortable with the new system as possible. Without having to put up the big speakers, the setup and takedown part of the process is greatly simplified. The digital console saves settings and can copy settings from channel to channel, eliminating the need to start each show from scratch. The Minstrel sound has reached the 21st Century, and as the operators get more comfortable the Minstrel audiences will have a consistent and more natural sound.

Other improvements to the sound included the purchase of the padded chairs we've all been enjoying, which improve the acoustics of the room. MUF engineers have decided to keep the acoustic panels that The Folk Project installed, and the project of recovering them will begin soon. The Folk Project sound reinforcement committee had significant input into the concepts and planning of new system, and The Folk Project very much appreciates the careful thought and consideration towards its needs that went into this important project. Thank you, MUF.

## Mike Agranoff House Concert

**Sat., June 18, 7:30pm • Tim (& Nancy Beyer-) Weinrich's  
Somerset, NJ • 732/354-0803 • [nancy@jbeyer.net](mailto:nancy@jbeyer.net)**

On Saturday, June 18th, Nancy and I have the honor to have a good friend and an excellent musician giving a concert under our roof—namely Mike Agranoff.

The show will begin at 7:30pm. It will be preceded by an optional pot-luck dinner at 6:30pm and, after the concert is over, we hope people will stay for a jam session.

What makes this concert different from most folk venues, including the Minstrel, is that you can have your snacks and tea or coffee, or even bring a bottle of wine or beer to enjoy while you are enjoying the show.

Suggested admission is \$20. If you find that a bit steep, or if you have constrained funds, please feel free to come and pay what you can.

We so hope that you will join us. Please call or email for reservations and directions. Seating is limited, so reservations are required.

—Tim (& Nancy Beyer-) Weinrich

THE FOLK PROJECT PRESENTS

Muriel  
ANDERSON

Location To Be Determined  
Friday, August 5th 8:00PM  
\$20 in advance / \$25 at the door

One of the world's foremost fingerstyle guitarists and harp-guitarists, Muriel Anderson is the first woman to have won the National Fingerstyle Guitar Championship. Her obvious joy of music, humor and her facility across the genres of folk, classical, jazz, bluegrass and international music is revered by guitarists worldwide. An engaging performer, Muriel's unique approach to the instrument virtually transforms the guitar into a lyrical choir, then a marching band, then a Japanese koto, then a Bluegrass band, one minute launching into a Beatles' tune and the next, a Rodrigo concerto.

# Folk Project Board Meeting • May 3, 2016

## Board Meeting: The Summary

The May 3rd meeting of the Board of Directors was held at 8pm at the New Providence home of Pam Robinson and Bob Safranek.

Present: Kathleen Caccavale, Joanne Cronin, Lois DeRitter, Grover Kemble, Allan Kugel, Bob McNally, Lindsey Meyer, Mitch Radler, Jay Wilensky, and Barrett Wilson (officers and trustees); Mike Agranoff, Pat Brangs, Ken Brody, Christine DeLeon, Mike Del Vecchio, Lori Falco, Paul Fisher, Deborah Graham, Pam Robinson, Ed Roffman, Mark Schaffer, and Leigh Walker (committee chairs). Guests: Nancy Kelner, Barbara Moo, and Diane Perry. Absent: Elizabeth Lachowicz, George Otto, Sandie Reilly, Chris Riemer.

The April minutes were approved, and Chris reported via email that all is well financially. He recently ran a Quickbooks webinar with the largest attendance yet.

Barrett recognized Mike D. with an "Honorable Mention" for his excellent work with the Unitarian Fellowship on the sound system upgrades and for taking the lead in training the sound assistants. If you haven't heard the new sound system yet, you won't believe your ears—or your eyes. The sound is phenomenal anywhere in the room, and the sound board is controlled by iPad! Hooray to Mike for his dedication, technical expertise, and goodwill.

### OLD BUSINESS

Mitch Radler rescinded his resignation and we're pleased he will continue as Trustee.

#### Statement of Intentions and Resources

Continuing last month's discussion of a Mission Statement, Bob McNally said he envisions writing a non-restrictive statement of what we do and the resources we have. He said it would facilitate understanding the good job that others are doing, even when on different paths within the FP. The statement would not be a mission statement but rather a clarification of a mission statement. Bob moved "to volunteer to chair an Ad Hoc committee to generate a draft Statement of Intentions and Resources and report back within three months with a statement and recommendations." The motion passed. (See the May newsletter for more info.)

### NEW BUSINESS

#### FP Archives – CAPES Grant Proposal

Lindsey Meyer presented a proposal to explore ways to collect and preserve the FP's archival materials, which include photos, newsletters, PR material, recordings in all formats, financial papers, meeting minutes, and the like. These are currently stored in members' homes. She proposed applying for a CAPES grant (Caucus Archival Projects Evaluation Service) from the NJ Historical Commission to fund a professional archivist to help us plan how to collect and store our archives. Grant guidelines stipulate that the collection be publicly available and the Board discussed several possible repositories. Even if we don't qualify, we could still receive guidance. Pam moved "to form an Ad Hoc committee, chaired by Lindsey, to look into applying for a CAPES grant and to report back within two months." The motion passed.

### COMMITTEE REPORTS

**Special Concerts:** Pam Robinson reported that plans for the New Jersey Uke Fest are in full swing. (See article elsewhere in this newsletter.) She's signed one contract and is working closely with several other performers for what promises to be a knockout weekend.

**Membership:** Eddie Roffman said that memberships are rising, which he attributes to 1) sending out renewal notices, and 2) no longer sending newsletters to former members. So don't forget to renew your membership! We currently have 361 memberships, representing 570 persons.

**Minstrel Booking:** Mike A. said the new sound system is a lot less work and may require only one sound person for single or duo acts. He recently performed at Caffe Lena, which streamed the concert live on Concert Window. With the Fellowship's new video equipment, we may be able to do the same thing, which could provide a new source of income.

*The meeting adjourned at 10:01pm.*

Next month's meeting is June 7 at 8pm at Mario's Famous Pizza in Randolph. If you're a FP member and would like to sit in, drop Lindsey a note at [secretary@folkproject.org](mailto:secretary@folkproject.org) to get directions (GPS will lead you astray).

## Good o' the Order

*A place to share news with your Folk Project Community about memorable events and challenges.  
Please send items to Joanne Cronin, [joannelcronin@optonline.net](mailto:joannelcronin@optonline.net)*

**Diane Perry** just scheduled her first gig in Chicago. Anyone who might know of possible gigs/venues in Ohio or Pennsylvania for her to grab on the way out or back, thanks in advance.

**Pam Robinson** has good news and bad news. The bad news is that husband **Bob Safranek** was not able to get free tickets from WFUV to Gaelic Storm, so the first good news is that they are going to Summer Songs. The better news is that he got tickets at SOPAC (South Orange Performing Arts Center) to see Arlo Guthrie's Alice's Restaurant Anniversary Tour!

**Christine DeLeon** says Brass Fedora has been playing a lot of health care venue gigs and is doing really well. Ukulele and trombone!

**Mike Del Vecchio:** Sanctuary nabbed Dan Tyminski, who dubbed George Clooney's vocals on Man of Constant Sorrow in O Brother Where Art Thou, for their May 7 concert. This is a coup, as Dan doesn't often get away from his band Union Station.

**Deborah Graham's** recovery from surgery is proceeding well.

**Mark and Robin Schaffer** have decided to renovate their basement and make it into a two-bedroom apartment, instead of selling their house. Work is starting soon.

**Mike Agranoff** invited people on his mailing list to subscribe to his long-running blog. One of the respondents was a cousin in Michigan who informed Mike that her father was still alive and kicking. So Mike reconnected with his 96-year-old Uncle Albie, athlete, marathon runner, and former high school gym teacher who is still sharp as a tack and still lives in the same house in Brooklyn that he did when Mike was young. Details on Mike's blog.

**Joanne Cronin** has a new computer on order, and a new tablet, and is looking forward to playing with both.

(Social secretary's important note: due to technical difficulties with her not-new technology, some portions of this month's GOTO may have been lost or misremembered. Apologies, and please send refresher notes or updates if desired, marked Attn: GOTO, and they will be put into the following month's notes.)

## Got an App for That?

As a songwriter, the best \$5 I've ever spent was in 2014 when I came across the HiQ MP3 Recorder app for my Android OS tablet in the Google Playstore. Easy to use and versatile, it does everything the songwriter needs to capture rough ideas right through to making a reference recording of completed songs. When each recording is stopped, the file is automatically saved with a date and time and then you have the option of customizing the file name later. Otherwise, having to save and name each file right away could be cumbersome if you're on a creative roll and you would rather move onto the next recording quickly.

It's very easy to share your recordings by a number of methods: email, uploading to Dropbox, or directly in a Facebook message, among other ways. While MP3 is the most common file type, you also have the option of recording in other formats: WAV, M4A, and OGG, to name a few. A bitrate of 128kbps is the app's default, but it's also very simple to change to any other bitrate you prefer. The free version of the app has a limitation on the length of each recording, but the full version has no such limitation. No matter how you use this recording app, you'll find it indispensable too.

*The best \$5 I've ever spent*

The third weekend in August signals the start of the legendary PHILADELPHIA FOLK FESTIVAL ([www.pfs.org](http://www.pfs.org)) in Upper Salford Township near the bucolic burg of Schwenksville, Pennsylvania, a little more than 35 miles outside of Philadelphia. There, an 80-acre working farm is transformed into a magical, musical soundpark that offers three full days of music. This seminal summer event is the longest continuously-running outdoor musical festival of its kind in North America and will celebrate its 55th Anniversary on August 18–21 at the Old Pool Farm.
